

NEW!

Intelligent "One Touch" Warewashing Systems

SW900

Professional Pass-through
Dishwashers / Glasswashers

The New Smartwash Range

of Pass-through dishwashers / glasswashers are the first attractive, intelligent, one touch warewashing system in Australia that offers incredibly sustainable results in water and energy consumption. This professional warewasher offers the first one touch control panel with digital wash and rinse temperature displays for easy HACCP recording for accurate food safety reporting.

These machines are sleek and compact because we know space is of the essence and presentation is key.

Heat Recovery Model SW900XV

"The unique heat recovery system recycles energy from the steam generated by the dishwasher which saves energy in every cycle."

Easy to operate
"one touch"
control panel

"Huge 465mm opening for large items e.g. Pots"

OPTIONAL: Insulated eco hood for energy saving and noise reduction saves up to 0.5 KW per hour.
Model SW900X includes insulated hood

Only Smartwash offers you a warewasher with one touch control, **drain detergent & rinse aid pumps fitted as standard**, a self cleaning cycle and 3 wash cycle options, offering you an economical and sustainable solution for your business.
