SOUND ENCLOSURE REDUCES BLENDING NOISE

For shops where noise is a consideration, the sound enclosure minimizes blender noise, helping create a more conversation-friendly atmosphere.

TWO IS BETTER THAN ONE

Each blender now comes standard with two jars instead of one. This upgrade increases the life-cycle and durability of each jar, allowing for more time between replacements.

BUILT TO SAVE TIME AND MONEY

All Blendtec blenders are built to meet the unique needs of the commercial customer. Each feature - from top to bottom - delivers simple operation and is designed to reduce overall cost.
